FROM THE DESK OF THE SUPERINTENDENT

The FY 2012 Budget was developed to improve academic outcomes, return the District to accredited status and continue fiscal responsibility. The fiscal year will close with the District one point away from provisional accreditation, a second consecutive year of balanced finances and a governing board and superintendent that have worked together for nearly 4 years.

The FY 2013 General Operating Budget has been developed to increase student academic achievement and promote greater accountability. Four consecutive years of academic improvement indicate we are on the right path, but with more to accomplish. Our students and their families deserve a high quality education, and we are working toward that goal.

BUDGET MESSAGE

In compliance with Section 67.010 of the Revised Statutes of the State of Missouri, the FY2012-13 Annual Budget is hereby submitted to the Special Administrative Board of the Transitional School District of the City of St. Louis (hereinafter referred to as the “District”) for review and approval. This report has been prepared to serve as the historical record of the District’s fiscal information; provide information regarding the District’s academic priorities, operational programs and services; and communicate the financial guide of the District for the upcoming school year to the governing body, administration, staff, faculty, and community members . This report will provide information concerning the development, review and considerations of the 2012-13 Governmental Fund Budgets (General Fund, Food Service Fund, Capital Projects Fund, Debt Service Fund, Federal Fund, Expansion Program Fund, and Trust & Agency Fund). Revenue and expenditure information for each of the fund budgets has been provided in this FY2012-13 Annual Budget document.

The FY13 Annual Budget has been developed to again progress towards “Creating Great Options” for students throughout the City of St. Louis. The District’s gains in recent years in the areas of governance, financial management and student achievement are strong indicators that we are moving in the right direction. District student enrollment is also stabilizing, with recent trends illustrating declines have slowed down significantly.

Balancing the challenge of declining revenues without compromising the education of our students

As the District prepares for the 2012-13 school year, it is once again faced with tough choices. Balancing the challenge of declining revenues without compromising the education of our students has remained the mantra of the District throughout the FY13 budget development process. Projections have illustrated the need to adjust spending to parallel the \$11.7 million in reduced operating revenues – primarily attributable to anticipated declines in the District’s basic state aid allocation. The District has reacted to this challenge by initiating budget work sessions with all administrators to identify viable cost-saving opportunities. Spending priorities for FY13 include the following:

- No school closings
- Maintaining pupil teacher ratio levels at the Desirable Standard based on attendance
- Continuing school facility improvements through use of Proposition S Funds
- Upgrading technology throughout the District
- Maximizing E-Rate funding
- Reconfiguring schools by adding grade levels (Pamoja and Humboldt Elementary Schools) or eliminating grade levels (Beaumont High School) as needed

The District recognizes the necessity of prudent management of the budget and equitable allocation of available resources. Directing maximum resources available into the classrooms, however, remains a District priority.

FINANCIAL SUMMARY

The District accounts for revenues and expenditures in seven fund categories:

General (Incidental) Fund: To account for the general financial resources of the District except those required to be accounted for in another fund.

Special Revenue (Teachers') Fund: This is a special revenue fund used to account for the financial resources and expenditures for certified employees involved in administration and instruction. It includes revenues restricted by the State of Missouri and taxes allocated to the fund based on the District's tax levy to be used for the payment of teachers' salaries, benefits, and tuition for students.

Expansion Funds: To account for financial resources associated with desegregation funded programs including Early Childhood Classroom Education, Early Childhood Before and After Care, Magnet School Transportation, High Quality Principal Leadership Initiatives, Parent Infant Interaction Program, St. Louis Plan, One-to-One Computing, and Technology Support.

Debt Service Fund: Used to account for the accumulation of resources for and the payment of general long-term debt, principal, interest, and related costs.

Capital Project Funds:

Building Fund: This is a capital projects fund used to account for financial expenditures related to the acquisition or improvement of land, buildings, or equipment.

Vocational Education Fund: This is a capital projects fund used to account for the financial resources and expenditures related to the Capital Settlement Vocational Education Plan that was approved by the courts on March 12, 1999.

Settlement Fund: This is a capital projects fund used to account for the financial resources and expenditures related to the court approved Settlement Plan Agreement with the State of Missouri for construction and site acquisition costs to accommodate any reasonably anticipated net enrollment increase caused by the elimination of the Desegregation Plan.

2006/2009 Air Conditioning Funds: This is a capital projects fund used to account for the financial resources and expenditures related to various bond issues resulting from the April 8, 2003 election. These funds are used to make renovations and add air conditioning units to existing District school buildings.

Proprietary Fund Types: To be used to account for ongoing organizations and activities which are similar to those often found in the private sector. An Internal Service Fund is used to account for costs of the District's limited self-insurance program using a flow of economic resources measurement focus and an accrual basis of accounting. It is also used to account for the activities of the St. Louis Public Schools Health Benefits Trust which accumulates resources for the payment of health and welfare benefits on behalf of the District's employees, retirees, and their dependents.

Fiduciary Fund Types: The District's Agency Fund is used to account for transactions related to amounts received in an agency capacity on behalf of individuals, private organizations, and other governmental units. The District has no equity interest in this fund. This fund applies the accrual basis of accounting. The District's agency fund is used to account for monies placed in escrow that represent the District's retirement contribution to the Public School Retirement System of the City of St. Louis.

DISTRICT CLASSIFICATION OF REVENUES AND EXPENDITURES

REVENUE BY OBJECT

The revenue object code identifies the specific source of revenue, such as taxes, student activities, or grants. It also identifies whether the revenue came from a federal, state, local, or other source. The following is a list of object code numbers and the associated descriptions of the source of revenue.

Local Revenue

- 5111 Real Property
- 5112 Personal Property
- 5113 Surplus Commissions
- 5114 Financial Institutions Tax: Taxes levied on the intangible assets of financial institutions.
 - Surcharge Taxes
 - School District Trust Fund (Proposition C)
 - M&M Tax: Surcharge on commercial real estate to replace revenue lost with the elimination of the merchants and manufacturing business inventory tax.
 - Interest Financial Institutions
 - Interest on Protested Taxes
 - Delinquent Real Property Taxes
 - Delinquent Personal Taxes
 - Delinquent Merchant and Manufacturing Tax
 - Delinquent Surcharge Tax
 - City Sales Tax
 - Tuition K-12
 - Super Now Accounts
 - Gain on Investments
 - Lost Textbooks
 - Commissions on Royalty Transportation
 - Indirect Costs
 - Rent-Board Facilities
 - Utilities
 - Refund of Prior Year Expenditures
 - Misc. Local Revenue: All other local revenue not covered under other line items
 - Insurance Recovery
 - Reassignment of Unexplained Balance
 - Sale of Real Property

DISTRICT CLASSIFICATION OF REVENUE AND EXPENDITURES *(cont'd)*

County Revenue

- 5215 Fines and Forfeitures: Revenue received for fines, forfeitures, or unclaimed taxes.
State Assessed Railroad/Utility Tax: Levy revenue on the assessed valuation of railroad and utility properties as assessed by the state.
- 5224 Other County Revenue: All other county revenue not covered in another line item.

State Revenue

- Basic Formula: Revenue from the state created from a combination of the old State Foundation formula and the new SB287 funding formula.
- Transportation: Revenue received for transporting children.
- 5315 Census for Handicap: Revenue for identification of handicapped students.
- 5317 Career Ladder
- 5319 Classroom Trust
- 5361 Vocational/Technical Aid: Reimbursement from state for vocational education.
- 5399 Miscellaneous State Revenue: All other state revenue not covered in another line item.

Federal Revenue

- 5422 Basic Formula: Amounts received in FY2011 through the State Foundation Formula from the State Fiscal Stabilization Fund Government Services of the American Recovery and Reinvestment Act.
- 5429 Other: Including ERate and Federal Stabilization and all other state revenue not covered in another line item.
Medicaid Direct Prov.
Medicaid Case Management

DISTRICT CLASSIFICATION OF REVENUE AND EXPENDITURES *(cont'd)*

EXPENDITURES BY OBJECT

The expenditure object code identifies the service or commodity obtained. Listed below are the major expenditure object categories.

6100-6166 Salaries: Amounts paid to employees of the District who are considered to be in a position of permanent or temporary employment, including personnel substituting for those in permanent positions. This includes gross salary for services rendered while on the payroll of the District.

6200-6299 Benefits: Amounts paid by the District for benefits on behalf of the employees. These amounts are not included in the gross salary. Such expenditures include fringe benefits. While these payments are not made directly to the employee, they are considered to be part of the cost of employment.

6300-6399 Purchased Services: Amounts paid for services rendered by personnel who are not on the payroll of the District and for other services which the District may purchase. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.

6400-6999 All other services

TOTAL	\$472,043,437	\$495,518,843	\$355,469,710

FY2012-2013 BUDGET HIGHLIGHTS

- The District will achieve a balanced operating budget for the second consecutive year.
- \$264.8 million expenditures are proposed for the FY13 General Operating Budget (GOB), a reduction of \$11.7 million from the prior year.
- The District has eliminated its negative fund balance.
- The FY2012-13 budget will require no school closings.
- The budget prioritizes maintaining pupil-teacher-ratios at MSIP Desirable Levels based on attendance.
- FY13 revenue is projected to decline 4.2% from the prior year largely due to reductions in local revenue and state aid.

Fund Balance-End of Year	\$ 1,356,280	\$ 16,374,600	\$ 889,743	\$ 36,050

General operating revenues consist of local, county, state, and federal revenues. The proposed general operating budget (GOB) appropriation for FY13 totals \$264.8 million, a decrease of \$11.7 million (4.2%) over FY12.

Local Revenue

Local property and sales taxes are the largest sources of local revenue to the district. Property taxes are levied based on the assessed valuations of residential and commercial property. Historic collection rates range between 89% and 92% during the initial year of taxation. Tax increment financed (TIF) and tax abated projects reduce the revenues available to the district. Sales tax revenues have also declined over the past several years due to a weak economy and higher charter school enrollment.

SUMMARY OF REVENUES AND EXPENDITURES *(cont'd)*

State Revenue

State aid, our greatest source of revenue after property taxes, is based on the highest student attendance from the current, prior or second preceding year. English Language Learners (ELL or non-native speakers) and students receiving free or reduced price meals or special education services receive additional funding. These additional “weighting” factors determine the District’s weighted average daily attendance (WADA) used by DESE for state aid and Proposition C funding purposes.

Since enrollment has been decreasing over the past decade, SLPS has utilized second preceding year funding. A \$11.8 million reduction in state aid is anticipated in FY13, the result of lower SLPS enrollment, higher charter enrollment, and DESE underfunding the foundation formula due to the State budget crisis.

THE DISTRICT'S STUDENTS

St. Louis Public Schools serves approximately 25,000 students, and another 11,969 attend charter schools in the City.

District enrollment has declined steadily over the last several decades. In 1970, enrollment totaled 111,233—more than four times the enrollment of the District today. However, more recent trends indicate that the District's enrollment decline is beginning to slow down. In the last five years, enrollment in District-operated schools has declined. Because State Basic Formula funding is based largely on weighted average daily attendance (WADA), the District's Basic Formula revenue has decreased with enrollment.

The District manages 276 yellow school buses and several cab companies to transport approximately 14,000 school students every day to 76 schools. Free Metro Student passes are provided to another 1,000 students, allowing them to ride public transportation to and from school and school-related programs. The District serves an average of 18,300 free and reduced price lunches and 12,900 free and reduced price breakfasts every day.

SLPS Notable Students

- Thomas Fliss—Metro A&C High—earned a perfect ACT score
- Carvon Smith—Sumner High School— MLK Drum Major for Justice Oral Advocacy Competition Award Winner
- Marquis Cooper and Virgil Fischer—Central VPA High—won first place in 2012 St. Louis Teen Talent Showcase for a cappella tap dance
- Tey Hoskins—Carnahan High School of the Future—named the Youth in Government's Teen Governor of Missouri

**Public School Enrollment
2008—2013**

* 2012/13 enrollment projection as of March 13, 2012 prior to closing of Imagine Schools

THE DISTRICT'S WORKFORCE

The District's employees remain our most important resources. Their collective efforts determine the quality of education St. Louis' students receive and the efficiency and effectiveness of District operations.

Personnel costs constitute the majority of District operating expenditures. Salaries and benefits will comprise 69% of the estimated total expenditures of nearly \$264.8 million in FY13.

30% of the District's personnel expenses pay for employee benefits, including short and long term disability, life, medical, dental, vision, pharmacy, and pension costs. Medical costs are expected to decline by 2% in calendar year 2013.
