This month we will be working with the Glo Germ biology kit! We will see how effective handwashing is using a blacklight. Coronavirus has taken over our lives and has caused mass hysteria among our society. Have you ever wondered how viruses spread? Or if your soap and water can actually protect you from the virus?

Come find out with us on Feb 20!

STEAM Virtual Saturday Session

Feb 20

Free Lunch will be provided!

Registration Deadline

Feb 18

Contact Ms. Wu if you would like to participate!
