

Pre-k Choice Board

Listening

[Click here](#) to join Miss Penny and the KidVision Kids on a field trip to the Emerald Hills Animal Hospital. Pay close attention to learn about the various activities that occur at an animal hospital. Afterwards, share your newfound knowledge with a grown-up in your life.

 What happens at the Animal Hospital? First, a client brings their pet and signs them in at the reception desk. Then, the pet gets a check-up and an x-ray. An x-ray is a picture that the vet takes to look inside the animal to ensure they are okay. At the end of the appointment, the pet goes home.

Listening

[Click here](#) to meet author and illustrator Christian Robinson and listen to 'You Matter.' What is the author's message, and why did he write this book?

 What was the author's message, and why did he write the book, You Matter? The author wrote the book because not everyone is told that they matter. He wanted to demonstrate to everyone that they are significant.

Speaking

[Click here](#) to join Molly on an adventure and learn about the various animals that inhabit Alaska. Explore different areas, such as Marsh, River, Fjord, and Forest, to discover the animals that live in these habitats. Find out where the bald eagle lives and share your discoveries with an adult.

 "I clicked on all the different laces and learned about many animals. I clicked on Fjord to learn about Bald Eagles and discovered that they search for food along the coast. I also learned that moose live in the marsh and are herbivores, meaning they only eat plants."

Speaking

[Click here](#) to create a mosaic, an artistic piece made from colorful tiles of various shapes and sizes. Design your own unique mosaic and share your creation with family and friends.

 "To create my mosaic piece, I used pencils, markers, different types of paper, scissors, and glue. I cut the materials into small squares and then glued them onto a large sheet of paper. I created a red heart on a blue background."
