Listening

In a tale about a friendship that transforms the city, blue and yellow come together. [Click here](#) to listen to "Mixed: A Colorful Story."

 How did the other colors feel about friendship between blue and yellow? (They didn't approve of it, believing that colors shouldn't mix.) What transpired at the end of the story? (All the colors eventually mixed and came together to rebuild the city, allowing everyone to live in harmony.)

Listening

Prepare to meet the ocean's most beautiful fish. [Click here](#) to listen to "The Rainbow Fish."

 Why did the Rainbow Fish decide to share his glimmering scales? (He took the advice of the octopus, realizing that sharing would bring him happiness. As he gave away more scales, he found himself feeling even happier.)

Speaking

[Click here](#) to discover how to make paper airplanes. Create two of them and compare the distance each one flies. Then, share the steps you followed to make a paper airplane with a family member.

 "I created three paper airplanes. Among them, the last one I made flew the farthest. To help me make this more complex paper airplane, I referred to the instructional video provided."

Speaking

[Click here](#) to draw your favorite animal. Once you're done, describe your drawing to a family member and share what you enjoy most about the animal you chose.

 "I adore my black cat. For her eyes, I used the green color, while for her fur, I used black. The collar is a combination of yellow and red."
