

## Vertical Lines!

### Explicit Instruction

(10 minutes)

- Inform the students that they will be drawing **vertical lines**.
- Explain that vertical lines go down like the London Bridge.
- Explain that they will trace up-down.
- Draw a few vertical lines on a separated piece of paper or a portable dry eraser board.
- Ask your child to draw vertical lines on the board as well.

### Guided Practice

(10 minutes)

- Give your child paper, pencils, crayons, and markers.
- Ask your child to draw 2 vertical lines with the pencils, crayons, and markers on their papers. Your child should have 6 vertical lines on his paper.
- Ask your child to turn their papers over and draw vertical lines with the writing tool of their choice.
