Title I.A Legislative Purpose [ESEA Section 1001 or 20 U.S.C. § 6301]
 Title I.A was enacted to provide all students significant opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gap.

Schoolwide Program- Allows LEAs to use the key elements of Title I.A to upgrade their entire educational program so all students can reach high educational standards. A school is eligible to implement a school-wide program if at least 40 percent of the enrolled students are economically deprived, 40 percent of the school attendance center students are from economically deprived families, or the school has an approved waiver from DESE.

***Comprehensive Designation**
 During the 2022 session, the Missouri legislature passed SB 681 and SB 662, which require the Department of Elementary and Secondary Education (DESE) to rank local education agencies (LEAs) and schools using the Missouri School Improvement Program Annual Performance Report (APR) scores. In addition, DESE is required to publish a list of schools and LEAs ranking in the lowest five percent. LEAs in the list are required to inform parents and guardians of their appearance.
