

# 2021-2022 RESTART SCHOOL PLAN UPDATE

**Dr. Kelvin R. Adams**  
**Superintendent**  
**August 10, 2021**

# DISTRICT/SCHOOL GUIDELINES

- School district submitted and received approval of an **infectious disease plan**
- School plans submitted and approved
- Establish a process by which each school keeps and maintains **accurate records** of anyone who has been inside a building
- Comply with the Missouri Revised Statute Section 167.181 and 19 CSR 19c-20-28 which govern **immunization** of students
- Conduct daily health and temperature **screening** for students and staff at the beginning of the school day
- Minimize contact** and social mixing during school hours
- Consult and obtain approval from the City of St. Louis Department of Health prior to planning any school **assemblies**
- Work with the City of St. Louis Department of Health to ensure **COVID-19 testing and vaccine** is available and required for all staff prior to returning to work
- Establish an isolation area within each school, which will be used to remove the ill person from the school's general population
- Elementary and middle school students may have **breakfast** and lunch in the classroom

# DISTRICT/SCHOOL GUIDELINES

- Require **temperature** and health screenings and wearing of face coverings for all essential visitors (e.g. parents/guardians, health officials, business officials, vendors that provide essential services for the school)
- Restrict in-person **field trips** during the Fall semester of the 2021/2022 school year
- Establish protocols for loading and unloading **buses** to minimize person to person contact
- Equip classrooms and communal areas with hand **sanitizing** supplies and disinfectant
- Install **handwashing** stations in schools on an as-needed basis
- Routinely **disinfect** high-touch-point areas, such as doorknobs, rails, and light switches
- Use additional **measures**, such as electrostatic sprayers, foggers, and sponge applicators, for on-the-spot disinfecting
- Facilities** will coordinate, schedule and deep clean any classroom, office, or common space suspected of contamination. The area will be closed until proper cleaning procedures are complete.
- Students will remain together in the same **groups** as much as possible throughout the day
- Allow time for **hand washing**
- Limit** the number of students in the restroom at one time

# STUDENT GUIDELINES

- Comply with the Missouri Revised Statute Section 167.181 and 19 CSR 19c-20-28 which govern **immunization** of students
- Maintain a **3ft radius** around each student's desk in the **classroom**
- Minimize contact** and social mixing during school hours
- Require face **coverings** for all students in Pre-K and above while in the school building and all students when riding school buses
  - Students with medical conditions that prohibit them from being able to wear face coverings will be exempt, as long as they have a document from their medical provider
- Notify staff when feeling **ill**
- Students will be provided **instruction** on-line and in person

# STAFF GUIDELINES

- Require **face coverings** for all staff
  - Staff with medical conditions** that prohibit them from being able to wear face coverings will be exempt, as long as they have a document from their medical provider
- Staff members should assist the cleaning effort by cleaning and disinfecting communal areas, including eating spaces, conference room tables, and chairs, after use
- All staff will engage in a daily **health screening** upon arrival to school each day
- All staff (including those vaccinated) to be **tested** for COVID-19, with results received prior to students returning to school on August 23, 2021
- Provide COVID-19 **vaccination status** for purposes of assessing necessary quarantines in the event of any individual's close contact with a positive case through contact tracing
- Adhere to **Board Policy 4623**

# VISITORS AND PARENT GUIDELINES

- Parents are instructed to keep their child at home if they are ill
- Visitors will be limited in the school building and will be required to wear masks
- Parents and guardians coming to pick up or drop off students will be asked to stay outside the building in a designated area
