Student Success Goals

What are some of the challenges that our students-in-transition families face everyday

- Increased Mobility Rate
- Evictions/Put Out (forced out without personal belongings)
- Food Insecurity
- Living without Basic Needs (shelter, lights, gas, water, etc.)
- Limited Internet Access (solely public spaces)
- Transportation Access (scheduling of school bus and/or public)
- Access to Community Resources (medical, mental health, etc.)
- Access to Affordable Housing
- Adulting (parents working, battling addiction, etc.)

Ways we try to communicate and assist them

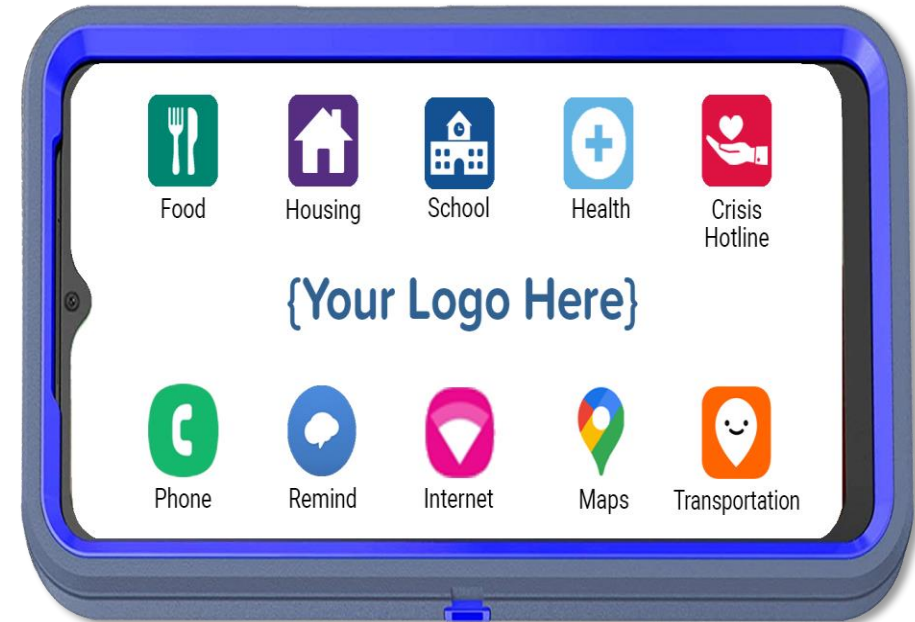

- Ongoing District Website' Updates
- Telephone
- Emails
- U.S. Mail
- District Roll-Out Calls
- Flyers/Posters
- Parent University w/ Resources and Referrals
- Community Meetings
- District Events

Communicating with our Students-in-Transition Families

- **CPR³ – Connecting People to Resources and Safety**

- SLPS has the capacity to identify and request apps that are needed
- SLPS potential agreement with T-Mobile covers cost of up to 10% for lost or stolen devices
- T-Mobile has the capacity to safeguard unwanted/solicited sites that can be potentially harmful
- Students/families will sign an agreement outlining the District's expectation of maintaining the device/technology
- T-Mobile has the capacity to locate devices that are lost, stolen, or modified (foreign SIM Card)

Meeting Basic Needs

- The CPR³ solution is custom-built to provide access to many different resources.
- Students & families simply tap the icon and get connected to available resources.

Food

- » Local food banks
- » Local churches
- » Holiday food drives
- » SNAP (food stamps)
- » WIC

Housing

- » Local shelters
- » Motel vouchers
- » Housing assistance
- » Utility bill assistance
- » Housing authorities

Health

- » Mental Health
- » Telehealth
- » Local Clinics
- » Medicaid/CHIP
- » Prescription Assistance

Crisis Hotline

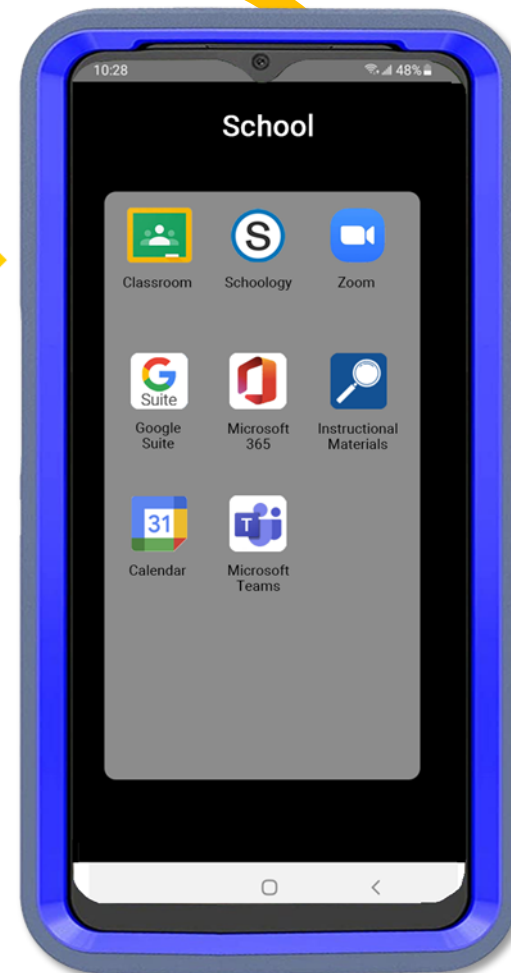

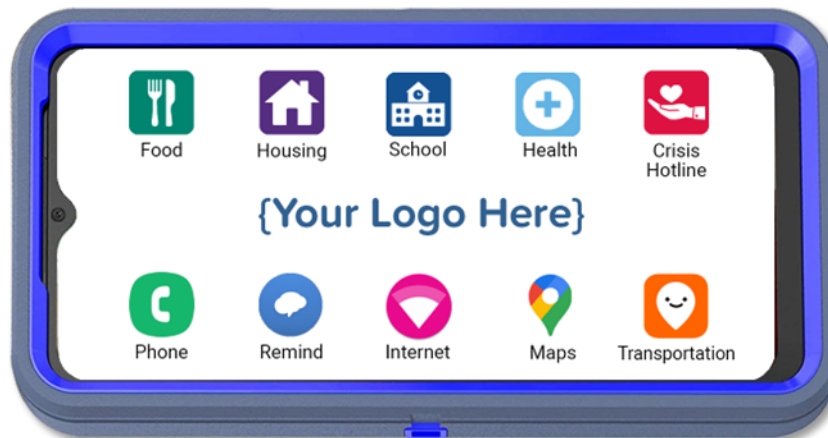

- » Suicide Prevention
- » Sexual Abuse
- » LGBTQ Support
- » Domestic Violence
- » Substance Abuse

Icons can be an individual app, a link to a webpage or a folder containing multiple apps and webpage links.

Link to School

- » Access school apps through your LMS system
- » Access virtual tutoring
- » Access other pre-approved apps to help close learning gaps

Enables students to complete assignments anywhere, anytime from the palm of their hand

CPR³ Unlimited Internet Access

- » Provides instant on-screen internet access
- » Provides a hotspot for up to 8 other devices
- » Includes a How-To Video with step-by-step instructions to connect other devices to the hotspot. Current languages include:
 - » English
 - » Spanish
 - » Pashto
 - » Farsi

CPR³ Unlimited Communication

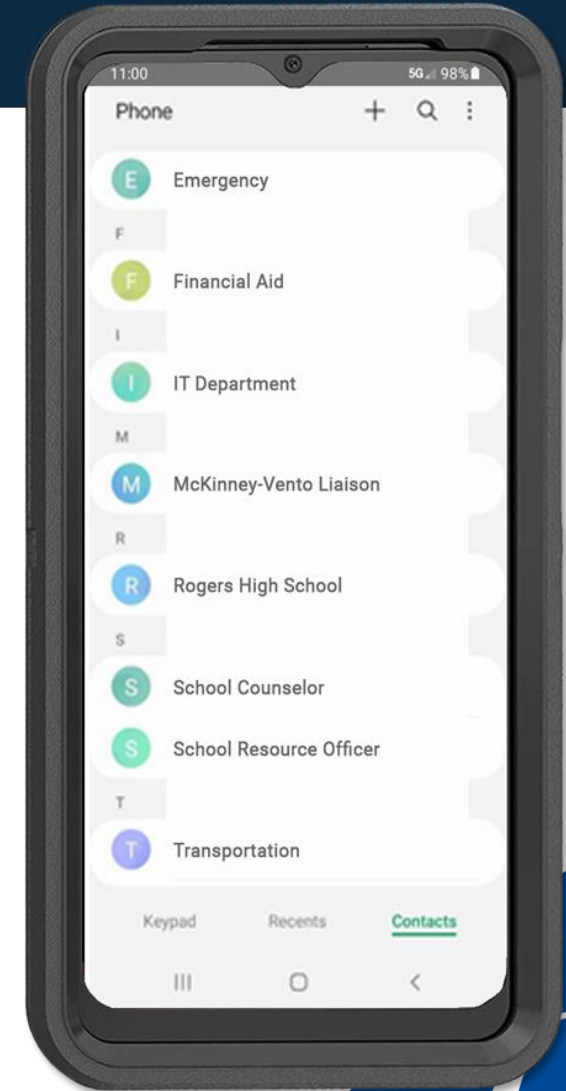

» Provides the ability to communicate with a stable and consistent phone

» Enables students to call transportation with changes

» Provides students with a pre-programmed school and community resource phone directory
Easily update phone directory anytime

Impact on Students & Families

- Ensures ongoing communication with student & family to increase engagement
 - Portable device
 - Access to transportation updates
 - Provides access to community resources
 - High speed internet access
 - Voice & text communication
 - Language access
- Protects student and their family from societal shame when seeking resources and community access
- Enables students & families to be self-sufficient
- Decreases isolation & mental health issues with increased communication between school, families & resources
- Enhances academic results and attendance

Composition of Students-in-Transition

- SLPS identified and provided educational support to 4,142 students in the 23-24 School-Year
- A total of 869 active high students have been identified for the 24-25 school-year. A total of 349 of the 869 high school students are unaccompanied youth (lack parental support)
- Our intent is to provide 1,000 students with CPR3 support via SLPS' Technology Department. The 869 students will be provided immediate support and the remaining 131 will be distributed as students continue to enroll.

Funding

- Technology department has excess funding in the amount of \$804,000. The funds remained due to many families obtaining Wi-Fi access at home.
- The excess funding was previously set aside for iPads, solely for Elementary and Middle Schoolers, and external Hotspots for our high school students.
- The excess funds will cover the cost of CPR3.
- The Technology Department intend to use the excess approved funding to increase and enhance communication capacity with SLPS' unhoused high school students.
