## A Letter from Dr. Borishade

## Interim Superintendent of Schools

## **February 5, 2025**

## Dear Saint Louis Public Schools Families and Staff,

On behalf of Saint Louis Public Schools, I would like to thank everyone who contributed to the 4th Annual Day of Action. Whether you traveled to the State Capitol, helped plan and promote the event, or supported in other ways, your efforts played an essential role in advocating for our students and public education.

A special thanks to the Office of Family and Community Engagement (F.A.C.E.), the Parent Action Council, SLPS staff, and, most importantly, the families who took the time to stand up for our schools. Your dedication—whether in person or behind the scenes—made a difference.

Your commitment helps ensure that Missouri keeps our students and schools a priority. We appreciate the time, energy, and support each of you put into making this event possible and for advocating for our students and schools.

Sincerely,

Dr. Millicent Borishade

Interim Superintendent Saint Louis Public Schools
