## It's a Great Day to be a Senior at CSMB!

They have waited four years for this! Seniors just completed their third week of internships. They are excited to be working in career fields of interest to them, gaining valuable experience alongside professionals in organizations and facilities across the St. Louis Metropolitan area. Seniors also had a chance to meet with mentors last week at our annual Etiquette and Networking Luncheon. A huge thank you to our Advisory Board Members and guests who took time out of their busy days for this event!

## Report Cards and Progress Reports

Semester 1 report cards were sent home with students last week. Please call the main office if it did not make it home. Progress report grades for quarter 3 will be emailed the week of February 6. Progress reports indicate students' grades in classes based on assignments and assessments for the first five weeks of semester 2 which began on January 4, 2023. Remember, students' current grades can be viewed at any time using the Parent Portal in the Tyler SIS app or by logging into [SIS K-12 360 \(slps.org\)](http://SIS K-12 360 (slps.org))

## Calling All First Responders

The students, faculty, and staff of CSMB are grateful for first responders! Their commitment and dedication to keeping our community safe has not gone unnoticed. The Black Student Union welcomes all first responders to this month's House Wars on **Friday, February 10** for an afternoon of fun and games to say thanks for all that they do. Details are outlined in the flyer below.
