Before You Knew It

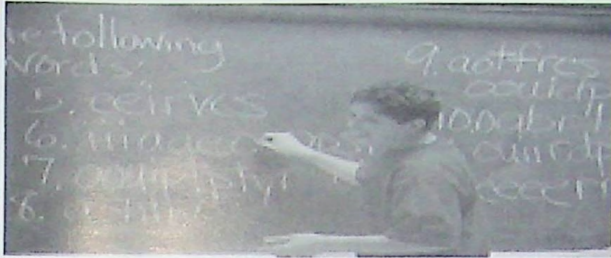

01 Before We Knew It

On September 11, 2000 Gateway students returned to school after a long hot summer. We even got an extra three days of summer vacation due to the hot weather. This year has been long... but enjoyable, memorable, and educational. We've been involved in all sorts of extracurricular activities, NAL, Cheerleading, Gourmet Club, and Basketball just to name a few. We have definitely had a busy year. Competitions, assemblies, exciting guest speakers, and we can't forget those dances. *BEFORE YOU KNEW IT* the school year was over and some of us were leaving and others were moving up. So sit back, relax, and recapture some of those unforgettable moments we've had together at Gateway.

From Sixth Grade to Eighth Grade

"I came to middle school scared, unknowing, yet excited for what was ahead for me. Now that I'm in the 8th Grade all I can say is WOW!! I've experienced so much in three years."

-Scott Dintelman

"I didn't know what to expect being a first time student in St. Louis Public Schools District. When I started 6th Grade I was scared. Being an 8th grader now, I look back and think I really had nothing to worry about, Gateway is a wonderful school to go to."

-Lindsey Baxter

"I thought 6th Grade was going to be really hard, but I made it. Now I'm in 8th Grade, it has been fun because I'm in band, Science Olympiad and Science Mentorship."

- Lamarr Davidson

"I came to middle school thinking it was going to be all fun and games. I realize now that 8th Grade will make a total difference in my life to be. The decisions I will have to make for the future starts here."

"YOU CAN DO WHAT YOU DREAM"

Career Day presenter Rochelle Bornett-lee talks with students in Room 105 about her career at St. Louis University Hospital Nuclear Medicine Department. She is the sister of our Instructional Coordinator - Ms. Bornett.

Principal Ms. Jones delivers the greetings to all of our presenters and Gateway family during the Career Day Assembly.

CAREER DAY @ GATEWAY

Here at Gateway, we prepare our students now for tomorrow. We were enlightened by professionals from many walks of life. They presented us with information on thier career choice and what we need to do as students to make our dreams come true.

Eighth Grader Brandon Borders captures everyones attention as he welcomes our presenters and us to the Career Day assembly.

Seventh Graders Vantyl Parks and Steven Lloyd recite an empowering poem "I'm Determined To Be Somebody, Someday" which fit in with the theme of the day "You Can Do What You Can Dream."

Student Council members Dominick Fowler, Annetra Williams, Orlando Harris, Chelsea Zotta and Kalia Myers were some of the Ambassadors that showed our Career Day presenters they were welcome and appreciated for being here to talk to us.

Mr. Brick and the Concert Band showed why they received a score of 1, which is the BEST, at Judication by playing Under the Rice Moon at the Career Day Assembly.
