

SAINT LOUIS PUBLIC SCHOOLS DIVISION OF HEALTH

HEALTH RESOURCE GUIDE FOR FAMILIES

“On behalf of Saint Louis Public Schools Health Services, we provide you with this resource. Our goal is to improve family health. We want our Parents/Guardians to know that your achievement of optimal health and care is very valuable to us.”

-Surilla Shaw, School Nurse Coordinator
-Sara Dahms, School Nurse

OUR VISION

The objective of this project was to create a printed resource booklet that SLPS nurses can give to families when making a health care referral. The resource will guide families in seeking the appropriate level of care for follow up after an illness or injury of a child seen by the school nurse. It is also intended to facilitate relationships between SLPS Families and Primary Care Providers in the community to provide families with on-going access to resources for healthy child growth and development and comprehensive family healthcare services.

3635 Vista Ave. 63110
- **SSM Health Cardinal Glennon Children's Hospital**
1465 S. Grand Blvd. 63104

URGENT CARE CENTERS

If your problem is not life-threatening or risking disability, and you are concerned but cannot see your regular provider soon enough, consider going to an urgent care center.

Urgent care centers are appropriate for treatment of common illnesses, such as colds, the flu, earaches, sore throats, migraines, low-grade fevers, and rashes, minor injuries, such as sprains, back pain, minor cuts and burns, or minor eye injuries

Hours and services may vary. Please call first for information about services provided, appointments, and payment for services.
