## Progress Report 1

Progress reports for the first four weeks of school will be emailed to families on **Friday, September 16th**. The report shows student's current averages in classes based on assignments and assessments completed so far. There is plenty of time for students to improve their averages in classes, and now is a good time to assess what is going well and to revisit goals for academic success. Some questions that to ask are:

- Are you happy with your progress in classes so far?
- What are some things you are doing well?
- What are some classes/areas that you need to devote more time?
- What are you going to do differently to improve your grades?
- How can I help you be successful?

Families can also contact teachers with questions or concerns. There will be two more progress reports before semester grades are finalized in December. The next one is the third week of October along with Parent-Teacher Conferences. More information to follow.

Lastly, student's current grades and teacher contact can be made via Tyler SIS, the district's student information system. Use this link to login online [SIS K-12 360 \(slps.org\)](http://SIS K-12 360 (slps.org)) or download the "Tyler SIS Student 360" app from the Google Play Store or App Store for iPhone users. Call the main office if help is needed with login credentials.

## Introducing Sown to Grow

St. Louis Public Schools is rolling out weekly student social emotional learning (SEL) check-ins and reflections via Sown to Grown. The check-ins are short, requiring just a few minutes to complete, but give valuable information about students' social emotional well-being. Students at Collegiate complete their check-ins and reflections on Tuesdays at the beginning of the Mentor Period. Mentors then have immediate access to students' comments in the Sown to Grow platform and are able to provide timely feedback. School counselors Ms. Boskamp and Ms. Cluts also monitor students' reflections and are available to meet with students who may need additional support.

How are you feeling?

Awful

Not so good

Okay

Good

Awesome
